

Second Grade Authors

The second grade teachers, Mrs. Tarkin, Ms. Dellavalle and Mrs. Rogers, together with Mrs. Saltzman celebrated our second grade authors and illustrators.

The second graders wrote small moment stories that were small events in their lives, but were described in lots of detail. Many of our authors used similes for the first time to help the readers visualize exactly what was being described.

All of the stories had a clear beginning, middle and end. They were accompanied by wonderful illustrations that enhanced their stories.

Congratulations to all of our second grade authors and illustrators!
