

Did You Know...

that Bethpage HS & MS has a Reimbursable Breakfast Program

and . . .

Students eligible for either a **FREE** or Reduced **lunch** will now also receive a **FREE** or Reduced **breakfast!**

Research shows that students who eat breakfast at school perform better on standardized tests than those who skip or eat breakfast at home. School breakfast improves a student's concentration, alertness, comprehension, memory and learning.*

*Food Research and Action Center (FRAC). "Breakfast for Learning." Spring 2014

Please ask the Main Office of your child's school today!

A sharpened focus on the health and wellness of your children

The overall well-being and growth of our students is a priority!

Please encourage your child to take advantage of the nutritious breakfast and lunch meals available to them.
