For kids  
grades K-5

### **THE FUN WAY TO BUILD A BRIGHTER FUTURE**

Our conversational method engages children and gets them talking from the very beginning.

Age-appropriate instruction and materials featuring lively, fun activities highlight our programs.

Small class sizes mean children will have more opportunities to speak.

Native-fluent instructors specially trained in teaching children.

Our global network gives Berlitz Kids the resources and perspective to provide high-quality, culturally-rich language instruction.

### **THE BERLITZ KIDS INSTRUCTIONAL APPROACH**

**Age-appropriate.** For kids ages 4-7, our programs provide lots of concrete visual cues like flashcards. Children ages 8-11 are engaged through role-plays, music, games and materials that capture their interest. For students ages 12-18, we provide special services and tutoring.

**Student-centered.** Our highly interactive teaching process encourages participation and is focused on the student.

**Accommodates various learning styles.**

Multisensory materials and a variety of classroom activities support learning in many different ways.

**Builds student confidence.** Activities help children learn through positive reinforcement, turning knowledge into understanding.

### **LEARNING A NEW LANGUAGE MAKES ANYTHING POSSIBLE**

Think of language classes as a small investment with a big pay-off for the future. Studies show that children who learn a new language score higher on standardized tests and are more flexible at problem solving – enhancing their future education and career opportunities.
