

6th GRADERS

SUPPLIES FOR 2015/2016

We do not expect the students to have every supply on the first day of school. By the end of the first week is a more accurate expectation. Students can bring a little in each day. Also, please don't be surprised if your child brings everything home with him/her on the first or second day of school for fear that they might forget something. Once they get acclimated, their backpacks will lighten and their fears will dissipate.
